Company overview

Adiga Fire Fighting & Safety Equipment Installation was founded in Ajman in 2019 to supply, install, test and maintain fire-protection, detection and suppression systems for buildings across the UAE. We work both as a supplier of certified fire-safety equipment and as a contractor - designing, installing, commissioning and maintaining complete systems. Our engineers design and commission to the UAE Fire and Life Safety Code of Practice and to NFPA and BS standards, and we back what we deliver with operation, servicing, repair and training.

Vision, mission & values

- Vision - to be the UAE's most trusted and accountable fire-protection partner.
- Mission - to keep UAE buildings compliant and the people inside them safe, with reliable products, clear communication and dependable installation and maintenance.
- Values - Transparency, Reliability, Accountability, Loyalty, Continuous improvement.

What we do - end to end

- Advise & design - the right system for the building and its risks.
- Supply - genuine, certified equipment from leading manufacturers.
- Install & commission - to code, inspection-ready.
- Maintain (AMC) - scheduled inspection, testing, refills and servicing that keep you compliant.
- Civil Defence approvals - drawings, NOCs and inspection coordination handled for you.

Products & systems we supply

- Fire alarm systems - addressable & conventional
- Fire detection - smoke, heat & gas detectors, I/O modules, repeaters
- Voice evacuation & public-address systems
- Sprinkler systems; deluge & pre-action systems
- Fire pumps - horizontal & vertical
- Foam systems
- Clean-agent suppression - FM-200 & NOVEC 1230
- CO2 and wet-chemical (kitchen) suppression
- Fire extinguishers
- Fire hose reels, cabinets, valves & hydrants
- Emergency & exit lighting
- Fire-rated doors

Standards & compliance

Every system is built to the UAE Fire and Life Safety Code of Practice. Equipment carries internationally recognised listings - NFPA, EN, BS, UL / FM - where applicable. We operate an ISO 9001:2015 quality management system and are approved by UAE Civil Defence.
